

Wilderness Pack Trip Checklist

In anticipation of your trip into the Yellowstone or Wind River Backcountry, we want to make sure you don't forget anything. Here is a general list of items that you will need. We provide the rest, including some of the best cookin' you'll ever get!

Everything that you need to make your trip comfortable is listed. Please make adjustments on the amount of clothing with regard to the length of your particular trip. This list is for an average 5 to 7 day pack trip.

Suggested List

- 1 pair walking boots or shoes
- 1 pair tennis shoes or slippers for camp
- 3 lightweight shirts
- 1 heavy weight shirt, sweater, or vest
- 3 pair of jeans
- 1 medium weight coat
- 1 pair of socks for each day
- underwear
- 1 set of long underwear
- hat
- gloves
- 1 complete set of rain gear
- towels and washrags
- toothbrush, shampoo, soap, etc.
- sunscreen
- chap stick
- sunglasses
- insect repellent
- personal medications
- small flashlight with extra batteries
- sleeping bag
- air mattress or pad
- camera and plenty of film
- fishing equipment
- fishing license (can be purchased on arrival)

We supply all the riding equipment necessary for the trip. Your sleeping bag should be made of a warm down or high quality fiberfill; mummy type bags work best. The temperature rating of your bag is a personal preference, but you should consider that we could get frost in all months in the high country.

Pack all personal gear in soft duffel bags (no suitcases or hard bags). Please keep all gear and personal items to a minimum by not exceeding 60 pounds per person. Two bags that weight 30 pounds each are ideal. We recommend your bags be approximately 12" x 12" x 24". Since the duffel bags are lashed tightly on the pack animals for extended hours, be sure to pack fragile items carefully. If you have specialty items to be packed, please contact me prior to your trip. Your co-operation is appreciated.

Your coat, jacket, or rain gear, depending on the weather, will be carried on your saddle horse. Once on the trail, we do not unload any pack animals until we get to the campsite. So be sure to keep on your person any items that may be used while on the trail (sunglasses, camera, etc.).
